Large dinner after  
meeting - Jim

some monkeys.

A new dormitory had  
been built but not  
quite completed at  
the Headquarters.  
2 large rooms w/  
bathroom.

Separating people for  
sleeping was a bit  
confusing since we had  
@ 14-15 ppl in sede  
3-4 at Casa Mercedes -  
B+B went to sleep  
in Selva with Andriela.

15 Jan 93

→ Boi Brunes  
Educ. Cte early for  
beginning of the meeting.

I was sorting slides  
yesterday PM during the  
Associat<sup>n</sup> meeting; before  
dinner & I'm still

trying to organize a talk  
in Portuguese & slides.

~~My~~ My  
discussion is to be  
@ the history of the  
project & the project's  
role in the world.

About our changes in

priorities as a result  
of the PVA + Ceerha's  
work.

As usual we start late +  
since LAD recommends  
that everyone introduce  
themselves, it's even slower.

The schedule for  
15-16 Jan is in  
Travel material from  
Jan 1998 visit to  
Brazil + minutes by  
Ones Castro.

We have a churro ~~so~~ at  
the Educ Ctr in the evening.  
With Jairo + Pissinatti  
arguing about who ~~was~~ was  
responsible. We also  
had music and everyone  
danced. & The feeling was  
very good.

Jim + I talked w/  
Luis Fernando ~~before~~  
during lunch. Tried to  
start a dialogue to see  
how he felt things were  
going. He broke down  
& cried toward the  
end when he brought

up problems w/ Denise.

She had sent (FAXED)  
a letter to me right  
before the trip @ troubles  
with LF. People were  
unhappy with him for  
many reasons.

- not organized
- cars going bad.
- doesn't make decisions
- " " "fast  
enough.

- uses project vehicle  
for personal use
- started affair w/  
Estheria.

etc.

16 Jan '93

Talks were given by

Del -

Jon Ballon & Cecilia @  
priorities

Beh @ reintro.

etc. on Day 1

On Day 2 we discussed  
the Association w/  
Jauro Costa from FBCN  
present. And Jauro  
spoke @ the Project's  
relationship w/ FBCN.

I presented the whole  
budget to everyone

and how complicated it is;  
how many different  
grants; how variable  
the \$ each year.

5/11/93

Travelled with  
Andy Baker + Lon Ann  
Dietz Transbrasil  
Dulles →  
Brasilia →  
Goiânia

Arrived in Goiânia  
@ midnight being  
met by Leandro  
Silveira + girlfriend  
Anah. Didn't  
remember Leandro's  
name but he had  
just visited me in  
DC @ a month ago  
to discuss his

future. Interested  
in Epithets.

During the meeting  
Leandro helps tremendously.  
Changes money, drives  
Andy + I. shows  
me around the Orsionia  
Zoo. Both are totally  
nice people who want  
to be in zoology.

Leandro since returning  
to Brazil has become  
involved with Celso  
Vale + will be  
working on a jaguar  
project. Leandro will

also apply for  
the UFMG  
Wildlife Management  
Course.

Leandro by 22 yrs  
has done survey  
work in Amazon  
at Rosa de Sa.

Has been an education  
guide at the zoo,  
has spent time  
in the U.S. Has  
done some survey  
work at Emas  
Park.

5/12/93

Patricia de Oliveira  
meets ~~for~~ Andy + me  
~~at~~ at breakfast  
time to help us get to  
the Congress. We  
take a taxi who gets  
lost but finally  
reach the site of the  
Congress — a former  
hospital that ~~has~~  
has become a conference  
~~center~~ center miles from  
our hotels

(Hotel San Conrado)  
(" Unuarama )

Spent little time  
in the meetings but  
more talking with  
people.

Leandro changed \$.

Lunch was at a  
self-serve Churrascaria

I tripped on the steps  
going to the upstairs  
~~seating~~ section 2 out  
of the 3 lunches we  
had + had to refill  
my plate.

Present were:

President of Brazil Zoo  
Society: Adauto Nunes  
Director Sorocaba Zoo.

I talked a bit w/  
Natasha Shishchakian  
Patricia de Oliveira.

Then w/ Adauto who  
was having some trouble w/  
both women.

Patricia was being paranoid  
@ her marsh deer samples  
+ was alienating  
people in Brazil, as well  
as never having

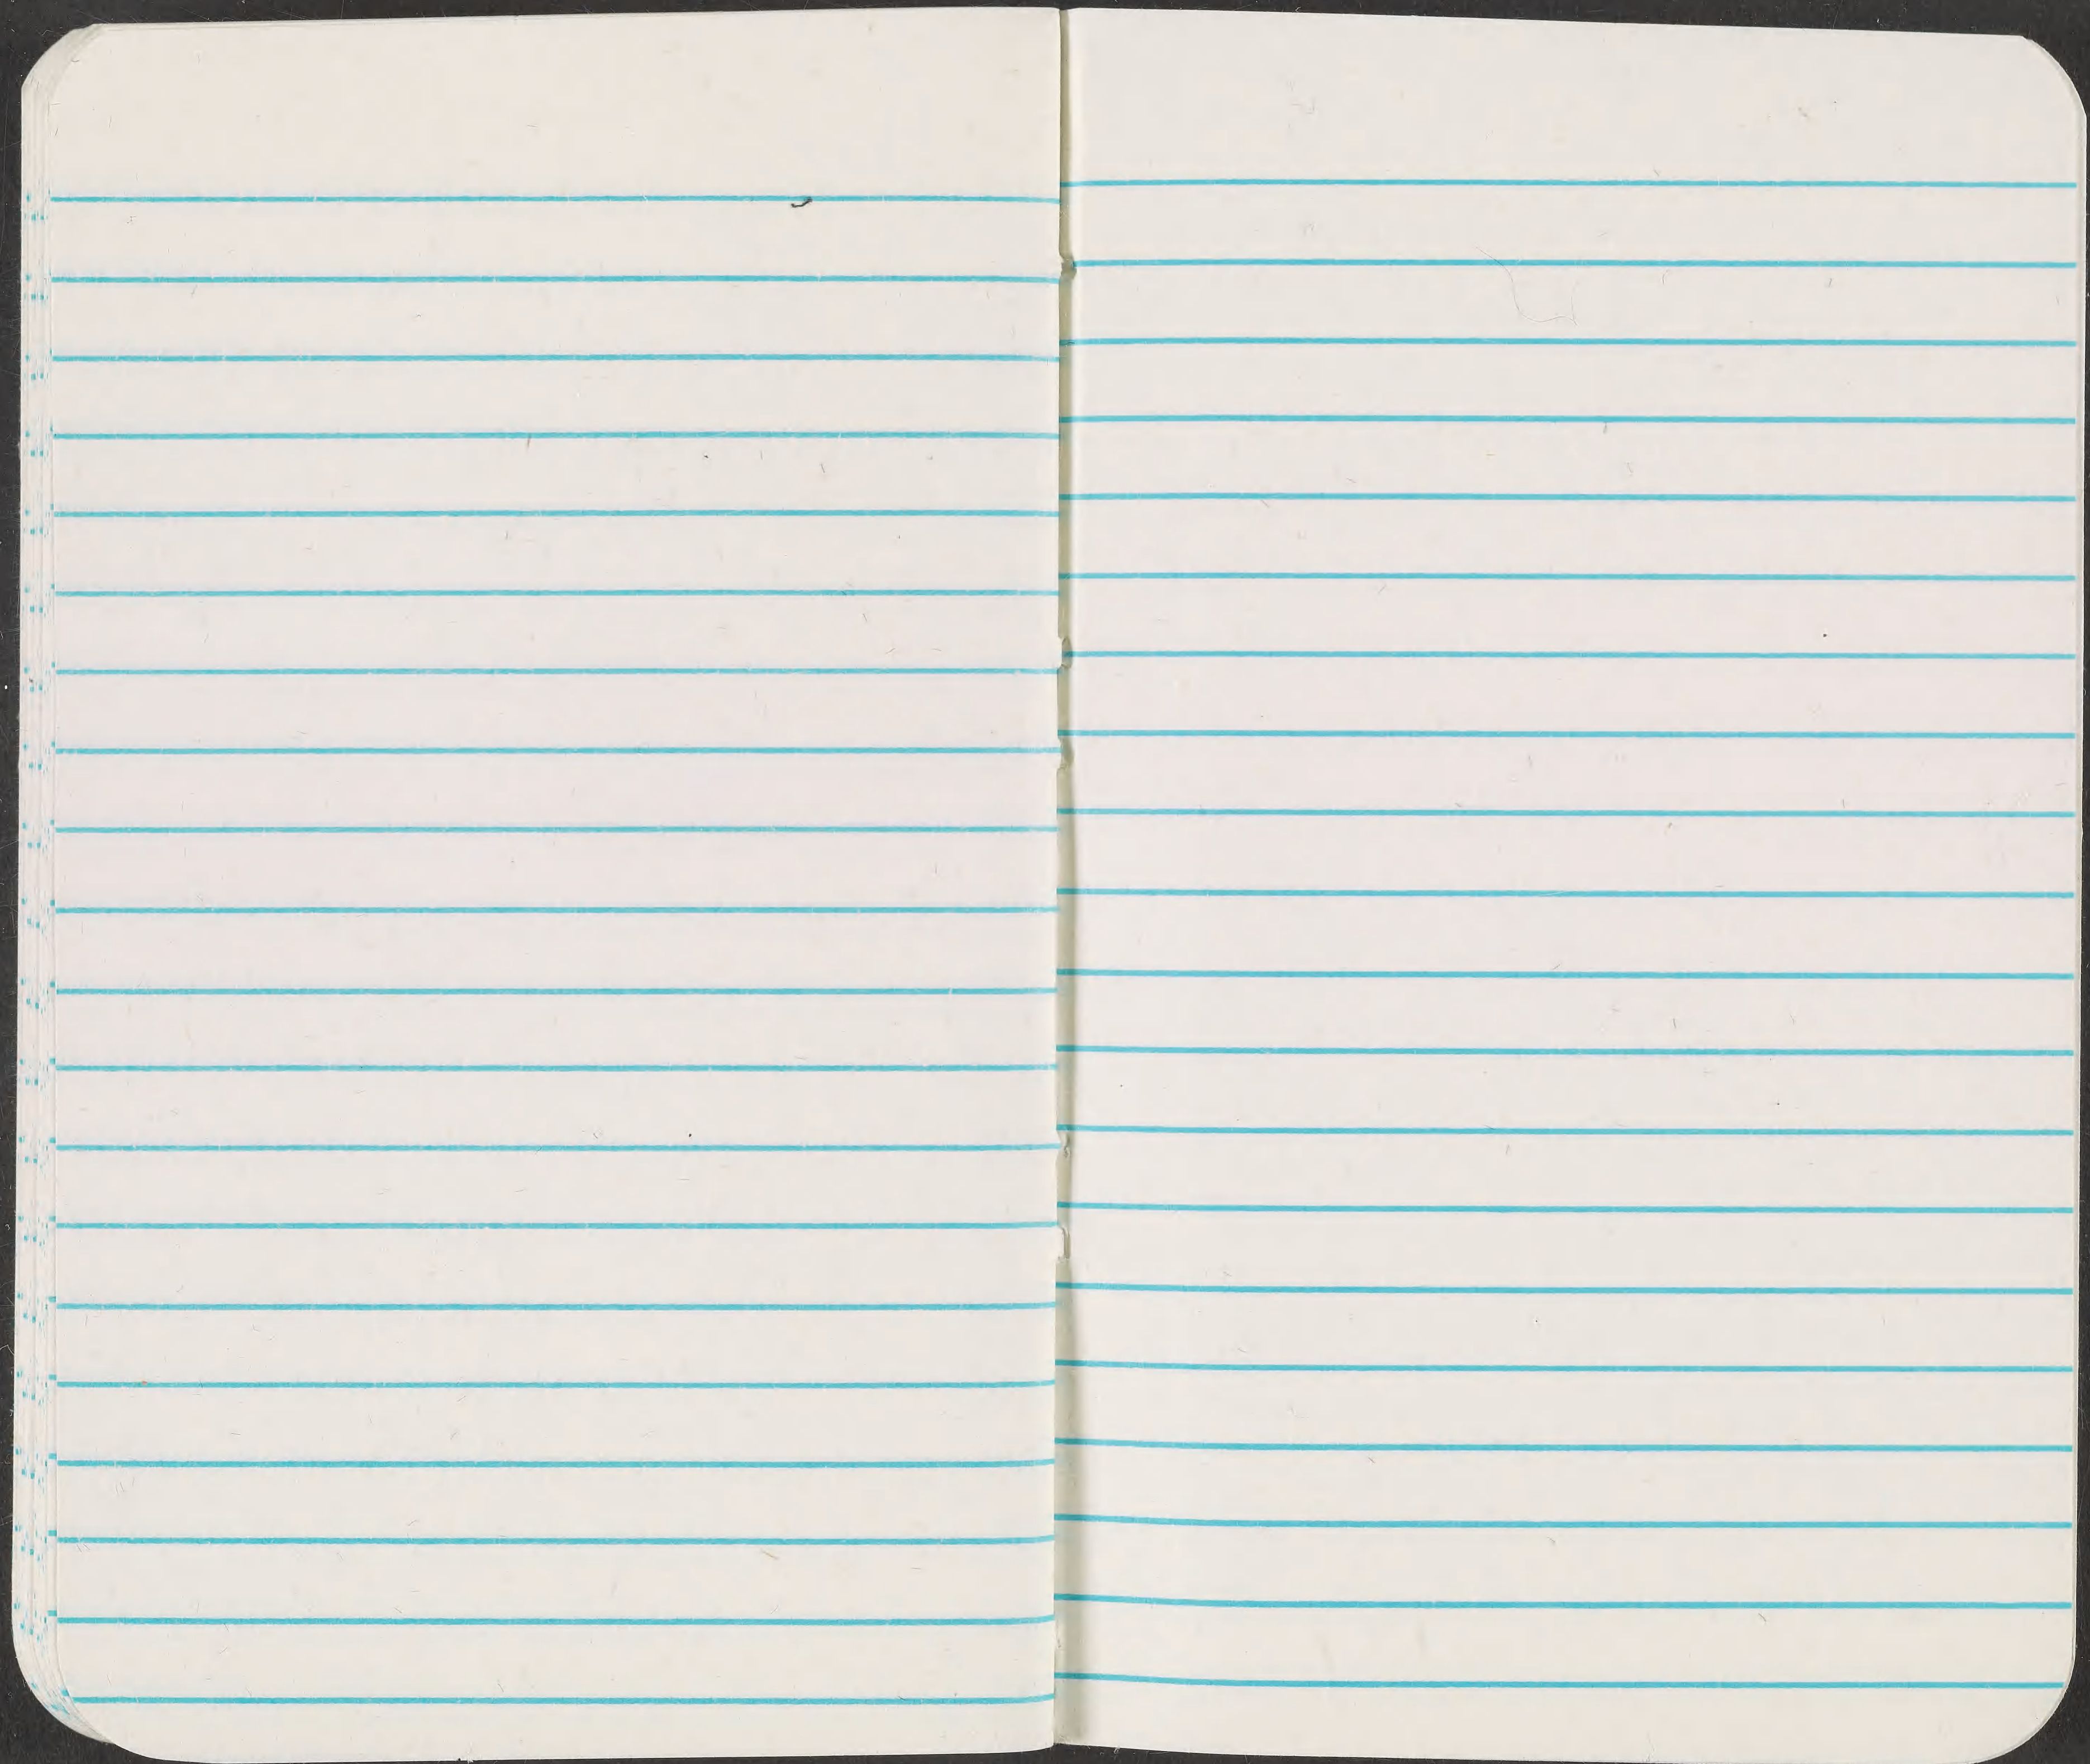

made up w/ Rob  
Klescher in the US.

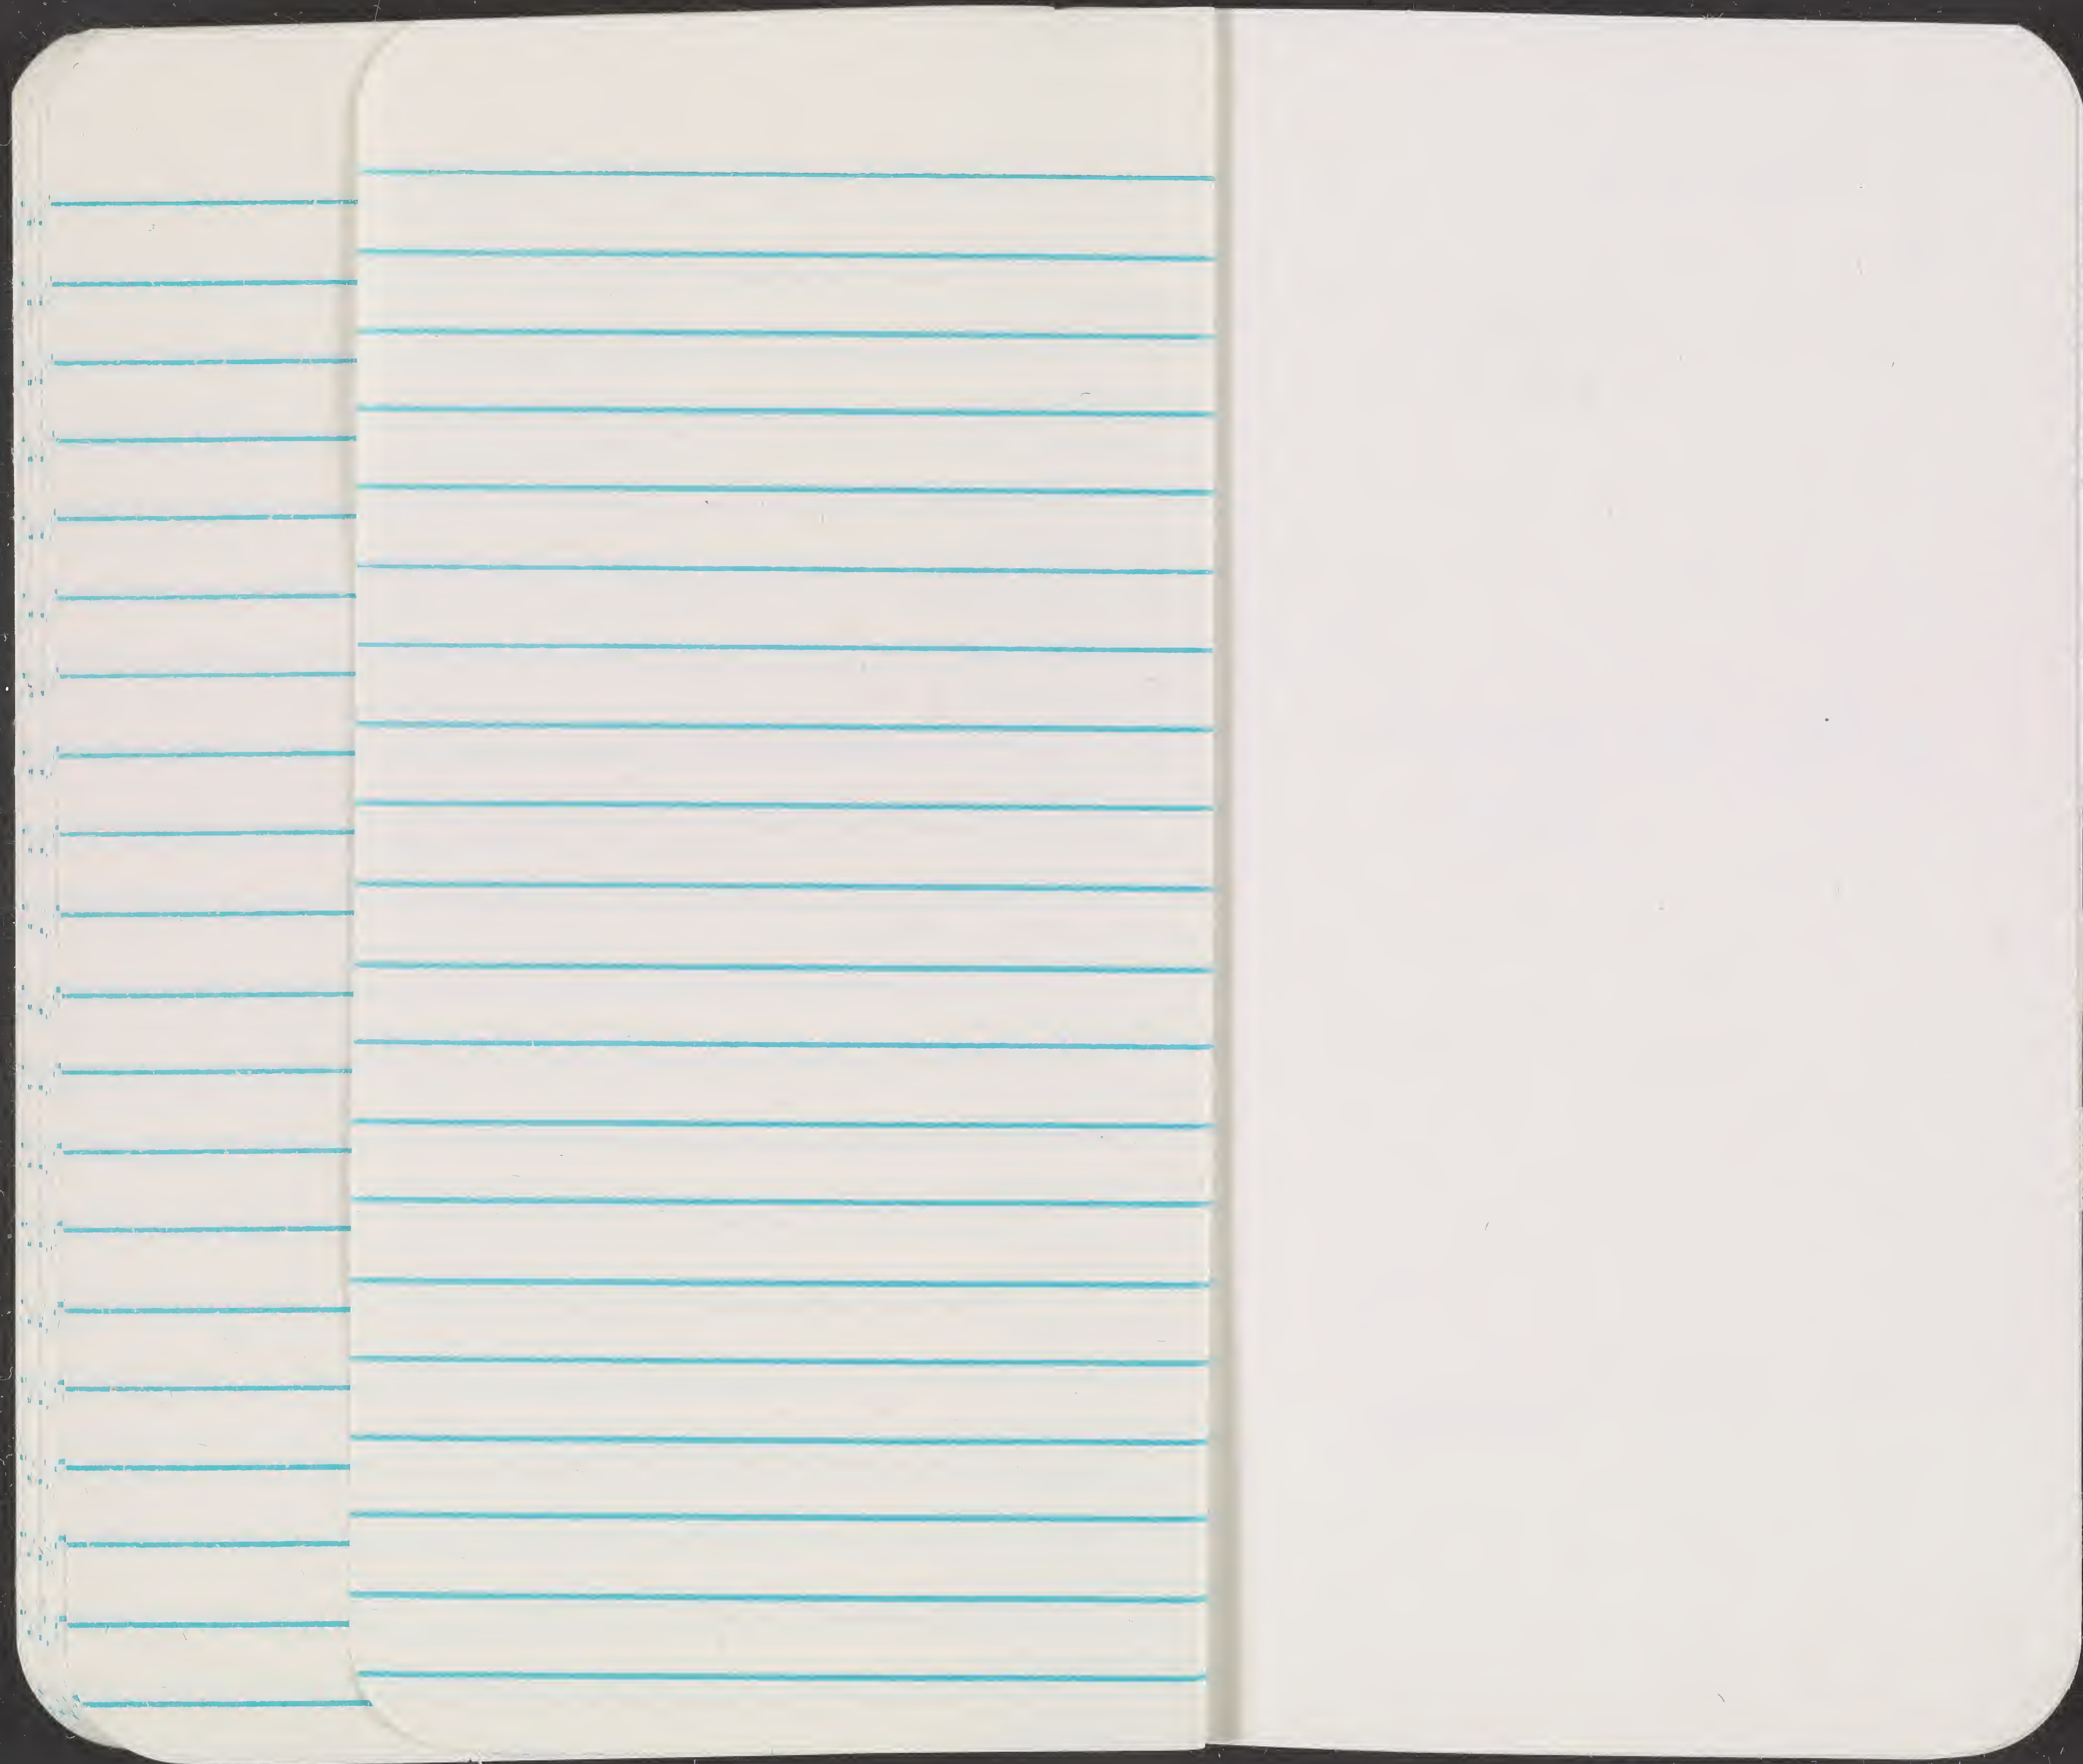

Adanto felt that  
Natasha was too  
controlling.

I eventually spoke w/  
both. Natasha didn't  
listen & became  
defensive. Patricia  
talked with Andy & me,  
and I think will  
improve
